

Wickford Auto Club Ltd

Social Media Policy

Introduction

Wickford Auto Club recognises that social media is an important tool for all club members to engage with each other and the club.

Wickford Auto Club encourages club members to use social media and other channels to promote themselves, the club, the clubs events and the sport.

Wickford Auto Club provides a service to all members by actively utilising Facebook as well as websites to promote its work and activities.

The organisation is committed to providing a safe, fair and fun online space for Wickford Auto Club members. This includes safeguarding the welfare of young people who engage with the organisation on any social media and websites used by Wickford Auto Club.

Wickford Auto Club recognises that this policy can be continuously developed and will review this document again by June 2026 or after the outcome of any serious issue or incident as a result of the use of social media sites by the Wickford Auto Club community.

To complement this policy, Motorsport UK has produced a Social Media Guidance document to provide the community with further information on how to engage appropriately online.

The Policy outlines:

- The social media channels managed by the Wickford Auto Club members
- How Wickford Auto Club manages its social media channels and who is responsible
- The principles that Wickford Auto Club follow in monitoring all channels
- Reporting procedures to follow if any abusive or illegal content or activity has been identified by Wickford Auto Club members, Motorsport UK or community members

Our team closely moderates our online community across all digital platforms and ensure the interaction and engagement on our social media channels are in line with our policy.

This policy is endorsed by all members of Wickford Auto Club Committee.
